A BIRTHDAY WISH

We ask the children in our Child Protection Center to write down what they wish to do on their birthdays. Because Magic Brothers and Sisters like you exists, their birthday wishes come true and they're able to enjoy unforgettable experiences they've never had before.

DELICIOUS FRIED DOUGH

This fried dough is the work of our center's chef Galsaa. Every child in our Magic Mongolia center enjoy eating it. If you ever visit our center, we will gladly offer you some as well.

SPRINGTIME IS HERE

At the Magic Mongolia center premises, we have our own greenhouse where we have sowed vegetable seeds for our necessity. Starting from sowing the seed to maintaining, growing, and harvesting, our children are involved in every step of the processes.

“When asked to write an essay titled ‘What is Family’, a 10 year old student of mine wrote that: ‘Family means to live together under one roof and share food from one pot’.”

Center Librarian, G. Gereltuya

Magic Mongolia Child Development and Protection Center's Play Room

At every age children have needs to play. Especially little children learn and express themselves through playing. Through playing, a lot of positive changes and healing occurs in children.

Valuable Life Lessons

It has been a week since a little convenience store opened at the Magic Mongolia Child Protection and Development Center. We gave every child small amount of money so they can buy their necessities from the store. If their money runs out, they'll be unable to purchase anything. Every week they purchase school supplies, personal items, snacks, and toys. Through this experience, they learn how to manage pocket money and plan for the future.

CHILDREN WEARING FANCY "DEELS"

It's a play time for the Magic Mongolia Center's kindergarten toddler class. They are wearing colorful deels made here at the center.

“The big fence shown here is the land where Magic Mongolia 2 will be built. Behind the fence is the community that we will serve.”

THE DEVELOPMENT OF MAGIC MONGOLIA 2 IS BUSTLING WITH ACTIVITY

Artist Chinbat, together with his mentees from the Mongolian State University of Arts and Culture, painted the fence of Magic Mongolia 2 without any charges.

APRIL STATISTICS (Child Protection Center)

The transportation of Magic Mongolia Center travels **125 miles** everyday for educational purposes.

As of April 25th, there are 20 children in Magic Mongolia Child Protection Center, of which **12** are female and **8** are male.

Every child on average received **168 hours** of class time.

Our Child Protection Center welcomed the **81st** child.

The number of days every child spent at the Child Protection Center reached **4516.**

The longest a child stayed at the Protection Center is **201 days** and the shortest is **1 day.**

Багахангай	СХД	Сухбаатар
1	45	8
17	4	6
Чингэлтэй	Баянзурх	Баянгол

These are the districts from which the children came from:
Bagakhangai: 1 Songino Khairkhan: 45
Sukhbaatar: 8 Chingeltei: 17
Bayanzurkh: 4 Bayangol: 6

Once a week one-on-one counseling services is provided for the children by licensed professionals at the Protection Center.

In April, **122 people** applied for a library card, and there are currently **216 readers.**

90% of our library readers are students from the nearby schools, while the rest are parents.

There are **45 children** who consistently visit the library, and other readers take books home.
